

IC Net Limited

Company profile:

IC Net Limited is a multidisciplinary consulting firm committed to helping people stand on their own feet by offering solutions in Rural and Urban Infrastructure Development, Public Sector Governance, Monitoring and Evaluation, Environment, Fisheries, Health, Education, and Training. IC Net is ISO27001-certified and is committed to quality, IT security, and transparency. Since its founding in 1993, IC Net has completed more than 400 projects and carried out short-term technical services throughout the developing world. At any moment, IC Net's experts carry out more than 25 projects around the world. Our clients include Japan International Cooperation Agency (JICA), Ministry of Foreign Affairs, the World Bank, the Asian Development Bank, and UN organizations. Currently IC Net employs around 110 professionals and 25 core administrative staff at the headquarters, and several locally-employed project staff members.

Consultant IC Net USA

(5-6 consultants in the fields of: (1) rural development including rural infrastructure; (2) project/program evaluation; (3) agriculture; (4) fisheries; (5) environment; (6) health; (7) education; (8) public sector management and governance)

Position starting date: Immediate

Position's location: Any state in the US (telework negotiable); field work in developing countries required

Contract length: Full-time

Position summary:

The Consultant works for international development projects as a core member of project teams.

Primary responsibilities:

- Bidding stage of the project: (1) provide technical inputs to the preparation of bidding documents for development projects, including Expression of Interests and technical and financial proposals.
- Implementation stage of the project: (1) undertake assigned tasks and responsibilities independently, and in collaboration with the other members of the international consultant team; (2) coordinate with funding agencies, counterparts, and any other stakeholders to undertake assigned tasks; (3) prepare reports and deliverables assigned, and provide constructive feedback to the works and reports of other team members.
- Mentor junior or mid-career staff and consultants of IC Net to assist in their growth and development as professionals.

Required skills and qualifications:

- Masters or Ph.D. degree, or equivalent experience in relevant fields.
- Minimum 5 years of experience in development projects funded by international donor agencies; the experience in leadership positions (e.g., team leader or deputy) of international consultant team is preferred, but not required.
- Should be interested in donors such as JICA and expanding their working relationship with other donors.
- Demonstrated capacity to work collaboratively and patiently in multicultural environments.
- Demonstrated capacity to find solutions through negotiating with clients and counterparts.
- Excellent spoken and written command of English and Japanese; good command of other languages is an asset.

- Excellent report-writing skills, including organizing and putting together coherently the inputs by team members in English and Japanese.
- Excellent leadership and negotiation skills
